NEW GENERATION HEROES

SYNOPSIS

The film features the story of four individuals that tackles the world of teaching in all its forms namely, Ms. Salvation Fajardo a retired, well-respected and well-loved teacher of 40 years played by Anita Linda. Who dedicated herself to teaching and wasn't able to have her very own family, but she said that her children are her learners, her siblings are her co-teachers, and her husband is her lesson plans. In comes a pushcart educator named Gener played by Jao Mapa. His character is most likely inspired by the story of Efrén Peñaflorida, the pushcart educator who was named CNN Hero of the Year in 2009. He collects donation of children's books to help young learners to acquire at least basic knowledge that could help them to make their lives a bit easier.

Third is an enterprising teacher named Lolita played by Mrs. Universe 2017 Joyce Peñas Pilarsky. She is a widow and the sole provider for her children. Her need to raise her family has led to her finding all sorts of ways to make enough to make ends meet besides teaching – networking, buy and sell, selling home-cooked meals, etc.

And last is Cora played by Aiko Melendez, an OFW who is an English teacher in Korea. She decided to work overseas in an effort to give her family in the Philippines a better life — tuition for her 2 children and the construction of their home. Little did she know that her husband was using the money she sent home on alcohol and gambling and her eldest child, Tony, was a drug addict. Her son, Tony, was killed by the police as part of the government's operation "tokhang" and this became her motivation to leave her job in Korea and decide to come back home to the Philippines.

Four stories of *dedication, strength of character, love of family, value formation, rights to proper education, giving importance to teachers and people who dedicate themselves in teaching....* ... these four are the new generation heroes.

He also said that Education is not just limited within the four corners of the classroom. We can also be educated and learn other things outside the school like in church, community, home and many others.

We learned new things and life lessons in dealing with people around us and by all of these we create and hone ourselves in becoming a unique individual. We have different personalities, attitudes, habits and views in life based on our very own experiences, understanding and knowledge.

The film will focus on the life of the four individuals who will face various challenges and struggles in life, how they will show stability that will balance their characters and on how they will make a decision on each test that will be reflected on how they developed the time and the lessons they learned in their lives.
