Dear **Dr. Cherry Mae Limbaco,**

Greetings!

The **Kaabag sa Kalambuan pinaagi sa Kabtangan sa Katilingban (K4K4)**, a project of Xavier Science Foundation and working with **ChildFund Philippines**, operates in 5 barangays (Bayanga, Mambuaya, Dansolihon, Pagatpat and Carmen) in Cagayan de Oro City. The project aims to have a safe and caring environment for infants and young children; educated and confident children; and, skilled and involved youth. It is currently assisting 1,150 children through sponsorships, health and nutrition, early child care and development, child development sessions, school-based and community-based reading programs, youth development programs and strengthening of community-based child protection mechanisms.

This fiscal year 2020, we are implementing the Adolescence Sexual Reproductive Health (ASRH) program. This program aims for adolescent's and youth's successful transition into responsible adults, empowered to make decisions about sexual and reproductive health and well-being. We hope to achieve this through promotion of health education, behavior change for adolescents, series of training and learning sessions for youth to further enhance their social, emotional and life skills. The establishment of school-based teen centers will form part of this strategy.

In partnership with Population Commission Region 10 and your office, we will pilot the establishment of teen centers in Bayanga NHS, Mambuaya NHS and Dansolihon NHS. Other schools such as Midkiwan High School -Bayanga Annex and Tumpagon NHS will be invited to join ARH peer advocates and facilitators' training.

With this, we are requesting student leaders and guidance counselors or designated ARH focal coming from the following schools for the **ASRH Peer**

Advocates Training on November 11-14, 2019, at KKKK function hall, Manresa Complex, Mastersons Avenue, Cagayan de Oro City. The project will shoulder cost of materials, transportation, meals and accommodation during the training.
