15 September 2021

**DR. CHERRY LIMBACO**

School Division Superintendent, DEPED Cagayan de Oro  
Cagayan de Oro City

Dear **Dr. Cherry**,

As students continue to pursue their education through online learning during this new normal, Smart recognizes the importance to keep the youth safe from cyber security attacks. In line with this, we are pleased to inform you that Smart will be launching its CyberSmart 2021 online caravan where students can be educated on cyber security and internet safety through a series of interactive online events.

From September 17 to September 25, we will be having 4 runs which can cater to 5,000 students per session. The cyber caravan will be a good avenue for students to learn basic knowledge on how to protect their personal data on- and offline. After the program, students will have the chance to win exciting prizes such as Smart Bro Pocket WiFi kits and smartphone devices by creating a digital artwork to show how students can prevent cyber threats. For your reference, please find mechanics below:

- Download the GigaLife App and subscribe to any GIGA offer
- Show us how you can prevent cyber-attacks by creating a digital poster
- Set your Facebook to public and post your work with the hashtag #SmartMission #CyberSmart #LearnSmart
- Scan the QR below or go to <https://forms.gle/Xx6jfk5sZ1ooc9QA> and fill out the form.

- Winners will be announced through the CyberSmart website.

To join the program, your students simply need to go to [www.cybersmart.ph](http://www.cybersmart.ph) on **the day of the event** only and **register before the start of the program** at 1PM. We are hoping we can invite 500 students from your group.

Program dates are as follows: **(please remind students to only register before 1PM on the event date)**

- September 25 – Mindanao schools
