CHERRY MAE L. LIMBACO
Schools Division Superintendent
Cagayan de Oro City

Warm greetings!

The Technology Application and Promotion Institute of the Department of Science and Technology (DOST-TAPI) through its Applied Communications Unit for inventors (ACU-I) is organizing a nationwide journalism contest with the theme, "**Gawad Alunig x Dalumat: Empowering Science Stories through Citizen Journalism.**" The contest hopes to communicate science and advocate a culture of inventiveness and ingenuity by featuring stories from the ground as communicated by the citizens.

In this regard, we would like to **invite** the schools under your division to **join and support** us in conducting this initiative. Attached is the letter that will give you more details regarding the contest.

Our team will also be conducting a **webinar** for students to introduce the **Gawad Alunig X Dalumat**. Along with this is a discussion about **effective science communication**. If you're interested in joining this webinar, kindly let us know.

Should you have any questions or concerns, please do not hesitate to contact us through this email or my personal number (09950782749).

Thank you and looking forward to a fruitful collaboration with you.

Best regards,

DANICAH FAITH LAGMAN
DOST-TAPI | ACU-I
