TO: ALL OSYDA MEMBERS

Warmest greetings from USAID Opportunity 2.0 Program!

Opportunity 2.0 aims at strengthening the capacity of national and local systems to deliver second chance education programs for out-of-school youth. As such, when the COVID-19 crisis hit the Philippines in 2020, Opportunity 2.0 supported the DepEd ALS's learning continuity plan against the pandemic. The plan aimed at restoring and sustaining the delivery of quality and relevant second chance basic education programs for out-of-school youth without compromising on health measures.

As part of Opportunity 2.0 support to DepEd's COVID-19 response, it accelerated activities on flexible learning modalities and distance learning. The program supported developing ALS Life Skills modules to be self-paced. It also conducted a series of trainings for ALS implementers and teachers on how to deliver this new content using new flexible modalities.

With this, the USAID O2 Program together with SDO Cagayan de Oro City will be holding the E- Learning Equipment Turnover Ceremony on December 15, 2021, 2:00PM to 3:30PM at West City Central School, Carmen, Cagayan de Oro City. This will be done through a blended or hybrid method combining online and face-to-face but with a maximum of 25 people present in the area. IATF and DOH minimum health protocols will be followed. The provisional program is attached for your reference.

We would appreciate it very much if you can attend this short but significant event in-person or virtually through this RC link: <https://meetings.ringcentral.com/j/1484647900>

Please confirm your physical attendance on or before *December 3, 2021*. Should you have any questions or clarifications, please do not hesitate to contact the undersigned through 09989563200/09354504139 or [Kbax@edc.org](mailto:Kbax@edc.org).

Thank you and best regards,
