November 3, 2021

Dr. CHERRY MAE L. LIMBACO
Schools Division Superintendent
City Schools Division
Cagayan de Oro City

Dear Dr. Limbaco,

Greetings!

In the previous years, the Community Improvement Division - Oro Youth Center in partnership with Population Commission X and the Department of Education City Schools Division spearheaded the conduct of the Adolescent Sexuality and Reproductive Health Classes for the junior and senior high schools. This aims to reduce the incidence to teen pregnancy cases, early marriage, pre-marital sex and other non-sexual risky behaviours among our adolescents and youth.

This year's pandemic COVID 19 crisis, the City Government of Cagayan de Oro through the Community Improvement Division-Oro Youth Center initiated a social media platform activity: **TEENSight: an online Adolescence Sexuality and Reproductive Health Insights** to be participated by public secondary junior and senior high schools in the city. Thus, this generally aims to instill among the youth that they play a vital role in the promotion of the ASRH (Adolescent Sexuality and Reproductive Health).

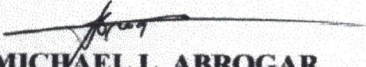

Furthermore, **TEENSight** is a COVID-19 response initiative for the purpose of providing access to the right information online for the average public junior and senior high school. As well as to make the adolescent productive while they stay at home.

With this, we would like to invite the different public high schools in the city to participate in this activity. The schedule for the airing of the episode will be on November 29, 2021 at 10 am via FACEBOOK LIVE. In which of it is the pre-test and post-test POPDEV QUIZ Competition (see attached file for the mechanics).

We strongly believe that through this period, we would be able to intensify and inculcate among the students their significant role in our shared campaign for healthy young Kagay-anons.

Thank you so much for your great support in our programs and services!

In service,

MICHAEL L. ABROGAR
Population Program Officer I
AHD Coordinator
