Dear Ma'am Cherry Mae,

Greetings!

USAID's ReachHealth Project deeply appreciate the innovative approaches of the Department of Education on pursuing the implementation of the Comprehensive Sexuality Education (CSE) and Adolescent Reproductive Health (ARH) for the learners in Cagayan de Oro City. As such, may we inform you that as a model site, a Learning Visit will be conducted to share on the innovative approaches, adaptive solutions to the challenges encountered and lessons learned in the implementation of the CSE-ARH Convergence.

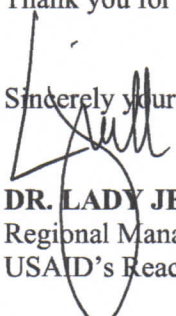

On this regard, the USAID-Philippine Team together with the Ministry of Health-BARMM and the various development partners would like to visit the teen centers of **Carmen National High School on June 22, 2022 at 9:30 AM** and **Lapasan National High School on June 22 at 1:30 PM**. The team hopes to meet and interact with the following audiences during the visit:

1. High School Principals
2. Guidance Counselors
3. Adolescents or High School students who have been accessing ARH information and services
4. School Nurses/Health Care Provider

We look forward to your positive response to this learning visit. We will touch base with you on the other details and final program flow no later than June 16, 2022.

Thank you for your usual support.

Sincerely yours,

DR. LADY JEDFELIZ MOLLENO, MPM
